

## APEX FITNESS – Observed Holidays 2011

### SHIPPING DAYS AS DETERMINED BY OBSERVED HOLIDAYS

Orders are processed within 24-48 business hours from receipt of order confirmation, except during holidays, promotional offers, and peak business seasons, where we may experience delays. Apex Fitness does not offer same day shipment.

Order processing time does not include the shipping time from when the package leaves our facility and arrives at your destination. Apex Fitness has a premier business relationship with UPS and offers their ground and expedited services to our consumers. Orders are not processed, shipped, or delivered on weekends.

Please consult this calendar when selecting from the shipping services offered or when scheduling a recurring Apex-To-Your-Door order.
